Up-To-Date News

David spoke to Jeff Blakey, the City of Largo Planning
Technician. Good news, we will not be charged for
expired permits and Mr. Blakey provided David with
a list of outstanding permits and acceptable trees to
plant. Mr. Blakey also provided three reputable
growers who provide installation services. We will
report further when we have the three bids for
trees.

David is also working with the lawn services
Superintendent.

David has identified other areas of concern with the
current sidewalks. Corey is working to obtain bids
for the repair work.

Thank you, David, for doing such a great job!

Kudos

Thank you to Brad Loughlin for disinfecting the
clubhouse before the last board meeting.
